## Workshop on Reconfiguration

---

February 2 - February 9, 2007

Bellairs Research Institute, Barbados

Richard Haynes, Local Arrangements Manager

The 22nd Bellairs Workshop on Computational Geometry will be held from February 2 to February 9, 2007. Participants are expected to arrive on Friday afternoon, February 2 in order not to miss the welcoming reception and opening banquet. The theme for this year is general: *Reconfiguration..*

### LIST OF PARTICIPANTS

1. **Greg Aloupis**, Free University of Brussels, Belgium
2. **Nadia Benbernou**, Massachusetts Institute of Technology, Cambridge, USA
3. **Jit Bose**, Carleton University, Ottawa, Canada
4. **David Bremner**, University of New Brunswick, Canada
5. **Sebastien Collette**, Free University of Brussels, Belgium
6. **Mirela Damian**, Villanova University, Villanova, USA
7. **Erik Demaine**, Massachusetts Institute of Technology, Cambridge, USA
8. **Marty Demaine**, Massachusetts Institute of Technology, Cambridge, USA
9. **Vida Dujmovic**, Carleton University, Ottawa, Canada
10. **Dania El-Khechen**, Concordia University, Montreal, Canada
11. **Robin Flatland**, Siena College, Loudonville, N.Y., USA
12. **Francisco Gomez**, Universidad Politecnica de Madrid, Spain
13. **Ferran Hurtado**, Universidad Politecnica de Catalunya, Spain
14. **John Iacono**, Polytechnic University, Brooklyn, USA
15. **Stefan Langerman**, Free University of Brussels, Belgium
16. **Henk Meijer**, Roosevelt Academy, The Netherlands
17. **Pat Morin**, Carleton University, Ottawa, Canada
18. **Joe O'Rourke**, Smith College, Northampton, USA
19. **Mark Overmars**, Utrecht University, The Netherlands
20. **Suneeta Ramaswami**, Rutgers University, Camden, USA
21. **David Rappaport**, Queens University, Kingston, Canada
22. **Vera Sacristan**, Universidad Politecnica de Catalunya, Barcelona, Spain
23. **Diane Souvaine**, Tufts University, Boston, USA
24. **Perouz Taslakian**, McGill University, Montreal, Canada
25. **Godfried Toussaint**, McGill University, Montreal, Canada
26. **David Wood**, Universidad Politecnica de Catalunya, Spain
27. **Stefanie Wuhler**, Carleton University, Ottawa, Canada

## Getting to Bellairs

### **A. From the Airport**

1. To get to Bellairs from the airport either take a taxi (about \$45 Bds and split the cost if you share) or a bus (about \$2 Bds). If the taxi driver does not know where Bellairs is, say it is located in between **Folkstone Park** and the **Coral Reef Club** on the north side of Holetown. These two landmarks are famous but with all the workshops during the past 21 years Bellairs is also becoming famous among taxi drivers. If you want to take a bus there are some direct busses but more interesting is to go to Bridgetown first and change to another bus (at another bus station).
2. **Bellairs Telephones:** area code (246), main office: 422-2087, dining hall: 422-2034. FAX: (246) 422-0692.
3. **Manager:** Richard Haynes, **e-mail:**bellairs@caribsurf.com

### **B. At Bellairs (consult the Bellairs Map on the next page)**

1. When you arrive at Bellairs just go straight to the Dining Hall. There you will find either people or a message for you on the bulletin board or the blackboard telling you which is your room. Most of our rooms are in the two buildings shaded in dark grey called **East Wing** and **West Wing**. So these rooms are numbered with **E** or **W** accordingly. The rest of us will be lodged in Seabourne House on the beach. You will find a key to your room in your room which should be unlocked unless your room mate has already arrived in which case you should look for your room mate probably on the beach. Most probably I will be around with keys.
